## 1st Semester GPAs

Congratulations are in order for all of the hard work our students demonstrated during the 1st semester of school this year. Out of 205 students, 112 had a GPA of 3.5 or higher. Of those 112 students, 77 were at or above the 3.75 level and we ended the semester with 25 students with a 4.0 GPA.

## Flu Season is Here

It's that time of year again. The number of students with the flu and any other bug that floating around is starting to increase. Please remind your student that if their not feeling well during school to ask to be checked by the nurse. The nurses will determine if your student should stay at school or go home. We ask that students do not contact you directly during the school day to have you come and pick them up.

## Missing Work

If students have missing work that needs to be completed we have a before and after school opportunity on Thursdays for students to come in to complete their assignments. Mrs. Irick is here on Thursday morning from 7:00-7:45. Students can enter the building by using the doors next to the music room. Ms. Martines is available after school on Thursday

from 3:15-4:00. This is a great opportunity to get caught up and back on track with assignments.

## Winter Home Events

As we move into winter basketball season, we want to remind everyone of the expectations at both the K-8 building and MVHS. Students and spectators are expected to be safe, respectful, and responsible while attending athletic events.

At the high school as a reminder, our youngest fans will not be allowed onto the gym floor to shoot during halftime of the varsity games. We are also not allowing students to bring balls into MVHS during games, they have become a safety issue. We appreciate those who are monitoring their children during these events. It is very difficult for staff to manage unmonitored children in the commons area, the hallways, and outside.

At the K-8 building as a reminder, students may sit on the stage but are not allowed to play or hide behind the curtains. The lunchroom area is a great area to students to sit and visit, but is not an area for running around or using any type of ball to play.

## Upcoming Events

- **Boy's Basketball**
  - 1/23 - w/Lyman @ 4:00
