- Sept. 5th – MS Volleyball @ Cokeville
- Sept. 7th – MS Jamboree Football/Volleyball

MVMS Registration Information

By now you should've received an email with a link to the PowerSchool Parent Portal where you can go to update and revise student, contact, and emergency information. It is very important for us as a school district to have the most up to date information on each student. Online updates need to be completed prior to student schedules and planners being handed out.

7th and 8th grade students can pick up their planners/schedules on Aug. 23rd or Aug. 26th in the front office from 8:00-3:00

6th grade orientation will be August 26th at 7:00pm in the K-8 lunchroom. There will be a short presentation followed by time for students to check out their lockers and visit their classrooms and teachers.

CELL PHONE USE

As a reminder, students can use their cell phones before or after school. During the school day cell phones are not allowed to be used unless teachers give permission to use them in their classrooms. If you need to contact your student during the school day, please call the front office and a note will be delivered to your student.

Please visit our middle school webpage to access important information and links at www.uinta4.com

PARENT LOOP

Student safety is top priority at UCSD #4. When dropping off or picking up students we ask that you use the parent loop to do this instead of the main parking lot. Using the main parking lot to drop off or pick up students increases the chances of them being hit by another vehicle.

CONTACT US

Have questions or need to get a note to someone? You can contact the office at 307-782-3377 Ext. 6201 or via email at condoss@uinta4.com

Mr. Van Dusen can be contacted via email at vandusent@uinta4.com

What are PLC's?

PLC (Professional Learning Community) is defined as this: An ongoing process in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve (allthingsplc.info).

As a district we are becoming a professional learning community. We've spent the last year focusing on what we need to do to improve the learning of all students. As a PLC we will continue to focus on the essential questions directly related to PLC's

1. What do we want our students to learn?
2. How will we know when students learned it?
3. What will we do if students didn't learn it?
4. What will we do if students already know it?
