

MVMS Newsletter

Our Mission: To ensure all of our students achieve high levels of learning required to succeed as a 21st century learner

Welcome Back

January has come and gone in a flash. It has been great to see everyone back in school in person. Prior to Christmas break we had a few students not in the school building because of COVID related quarantines. Since our return in January, we have seen a big drop in that number. Staying home when sick and wearing masks have helped to keep the number of sick students out of the building and ultimately allowing us to continue to provide in-person learning. This is a team effort from staff, students, and parents alike. Thank you for your support to help our students.

Other Important Information

Winter Weather

While I'm writing this newsletter, I'm watching the fat snowflakes pass by. We've had a pretty mild Wyoming winter so far, but it's important to remind students to dress accordingly. Please make sure students have a coat and dress according to the weather, especially in the event we need to leave the building for a drill or actual emergency.

PARENT TEACHER CONFERENCES

Save the date: Spring Parent Teacher Conferences will be on March 9th and 10th. More details about time and format will come out as we get closer to the dates.

Live Stream of Sporting Events

Last week we were able to stream our first middle school basketball game and it went very well. We are planning on streaming future home games and concerts to allow spectators to view from home. The governor's current orders still only allow us to have very limited capacity at the K-8 gym. The event can be found on the MVHS page of the NFHS website.

Extra-curricular Events

The WHSAA is requiring all spectators, officials, and athletes who aren't actively playing to wear a mask at all times while in the building. In a nutshell, it means that once a person enters the building, they must keep their mask on at all times even if they are able to socially distance. Please help us ensure our students are able to compete in their activities and complete their seasons.

K-8 Parking Lot

We want to remind parents who are dropping off or picking up students to please not use the driveway on the south side of the building that exits out onto Willow Drive. This route is for our buses and allows us to separate bus and car traffic. Parents may use either of the two loops and the main parking lot by the front doors to drop off and pick up.
